(iii) (a) the Project has been interconnected with Connecting Transmission Owner's Electrical System, (b) if requested by Buyer, Seller shall qualify the Project as an Installed Capacity Supplier in accordance with NYISO Rules, and shall provide written notice to Buyer of the completion of such activities and acceptance by the NYISO on or before the deadline established by the NYISO for participation in the NYISO's Installed Capacity market for the Summer Capacity Period beginning with the Project COD, (c) Seller has executed the Interconnection Agreement for the Project for a term commencing on or before the Project COD and ending no earlier than the Service End Date and has used commercially reasonable efforts to obtain counter-execution of the Interconnection Agreement by PMJ and Connecting Transmission Owner;

(iv) delivery of written notice by Seller to Buyer providing the results of a Contract Capacity Test demonstrating that the Project is capable of producing and making available Contract Capacity of at least eighty percent (80%) of the Project Capacity at the Contract Capacity Delivery Point;

(v) written notice by Seller to Buyer that the Bidding and Scheduling Instructions have been completed with respect to the Project;

(vi) an Independent Engineer's certification (subject to customary qualifications, assumptions and exceptions) has been obtained by Seller and provided to Buyer stating that the Project has been completed in accordance with manufacturers' specifications in all material respects (excepting punch list items that do not materially and adversely affect the ability of such Project to provide the Project Capacity consistent with the design capacity thereof and operate as intended hereunder) in accordance with this Agreement; and

(vii) Seller has made or caused to be made all arrangements and executed or caused to be executed all agreements, including any necessary easements or licenses to effectuate Site control required to deliver the Products from the Project to the Delivery Points in accordance with the provisions of this Agreement.

Unless otherwise agreed by the Parties, the commercial operation date of the Project ("Project COD") shall occur on the first (1st) Day of the Month following the Month in which the In-Service Date occurs, provided that, if the In-Service Date occurs fewer than ten (10) Days prior to the end of a Month, Project COD shall be the first Day of the second Month following the Month in which the In-Service Date occurs.

3.3.2 Information, Site Access, Inspections, and Progress Reports

Buyer shall have the right to request information related to all phases of permitting, development, construction, operation and maintenance of the Project at any time during the Term. Seller shall cooperate by providing the information requested within five (5) Business Days.

Seller shall notify Buyer of any event which may reasonably be expected to adversely affect Seller's ability to achieve the In-Service Date by the Project COD Target Date, such notice to be given within three (3) Business Days of the occurrence, or Seller's first learning, whichever is later, of such event. Within ten (10) Days after the end of each Month during the Construction Period, Seller shall deliver a written report to Buyer describing the progress of construction of the Project, including any events of material significance to Seller's ability to meet the Project COD Target Date.

3.3.3 Extension of Project COD Target Date

The Project COD Target Date shall be extended day-for-day for each Excused Failure Day. For avoidance of doubt, any one Day on which the conditions for an Excused Failure Day occur shall count as only one Excused Failure Day, regardless of the nature or number of such circumstances.

3.4 Daily Delay Liquidated Damages and COD Liquidated Damages

3.4.1 If Seller does not achieve the Seller's Conditions or reach In-Service Date by the Project COD Target Date Extended, for each Day thereafter that Seller fails to reach In-Service Date, Seller shall pay Buyer Liquidated Damages equal to Daily Delay Liquidated Damages. If the In-Service Date has not occurred on or before the Day that is the Project COD Deadline, Buyer may terminate this Agreement by written notice to the Seller

and shall be entitled to the amount of [fifty thousand dollars (\$50,000)] multiplied by the Project Capacity (“COD Liquidated Damages”) as its sole remedy, less any Daily Delay Liquidated Damages already paid by Seller.

3.4.2 If the Seller has already paid Daily Delay Liquidated Damages for failure to meet the Construction Milestone Date Extended, then additional Daily Delay Liquidated Damages will not be paid by the Seller until the total owed due to the delay past the Project COD Target Date Extended exceeds Daily Delay Liquidated Damage payments already made by Seller for not meeting the Construction Milestone Date Extended. If, however, the total owed due to delay past the Project COD Target Date Extended is less than Daily Delay Liquidated Damages held by Buyer, then Buyer will refund the difference to Seller. If Seller reaches In-Service Date on or before the Project COD Target Date Extended, Buyer will refund any Daily Delay Liquidated Damages held by Seller.

3.4.3 Buyer’s right to terminate this Agreement pursuant to Section 3.4.1 and/or to collect COD Liquidated Damages payable under Section 3.4.1 shall be Buyer’s sole remedies if the In-Service Date has not occurred by the Project COD Deadline; *provided however*, that such COD Liquidated Damages are subject to offset (but in no event negative) by any NYISO Penalties imposed on Buyer prior to the Project COD Deadline that Seller is required to reimburse pursuant to Section 3.23; and, *provided, further*, that if a Seller Event of Default has occurred, then in addition to the foregoing remedies, Buyer may also pursue its remedies pursuant to Sections 5.3 and 5.4.

3.4.4 Liquidated Damages due under Section 3.4.1 will be paid by Seller to Buyer pursuant to the provisions of ARTICLE 6:ARTICLE 6.

3.5 Failure to Achieve Project Capacity

In the event that the Service Commencement Date has occurred on or before the Project COD Target Date, but the Contract Capacity is less than the Project Capacity, Seller shall pay Liquidated Damages in the amount of [fifty thousand dollars (\$50,000)], multiplied by the number of MW by which the Contract Capacity is below the Project Capacity (“Contract Capacity Buy-Down Liquidated Damages”). Seller may continue to develop its Project to increase its Contract Capacity up to the Project Capacity for one Year after the Service Commencement Date such that Buyer will accept such increased Contract Capacity beginning with Contract Year 2, but no further adjustments to Contract Capacity will be permitted for the remainder of the Term.

3.6 Progress Behind Schedule

Seller shall provide prompt written notice to Buyer if at any time Seller becomes aware of actual or potential delays in the performance, progress or completion of the Project during the Construction Period that would jeopardize achievement of Project COD by the Project COD Target Date. Additionally, if at any time Buyer believes that achievement of Project COD by the Project COD Target Date may be in jeopardy, Buyer may provide written notice to Seller. Within five (5) Business Days of receipt of such notice from Buyer or Seller’s notice to Buyer of a delay, Seller shall propose to Buyer a commercially reasonable written recovery plan to overcome the jeopardy or delay in the performance, progress or completion of the Project during the Construction Period identified by Buyer or Seller, as applicable.

3.7 Recovery Plan

Within ten (10) Days of receipt of Seller's proposed Section 3.6 recovery plan, Buyer shall notify Seller in writing if Seller's proposed recovery plan is acceptable, and, if so, Seller shall immediately implement, or cause to be implemented, such recovery plan. If Buyer determines that Seller's proposed recovery plan is not likely to restore the progress or completion of the Project during the Construction Period, Buyer shall have the right to require Seller to implement, or cause to be implemented, measures determined in its reasonable discretion to bring the Project back on schedule for achievement of the Project COD Target Date. All excess costs for Seller of implementation will be for Seller's account and Seller's sole responsibility.

3.8 Testing

3.8.1 Project COD Contract Capacity Test. Prior to achieving Project COD, Seller shall conduct or cause to be conducted a Contract Capacity Test and DMNC test in accordance with NYISO Rules and APPENDIX 12APPENDIX 12 CONTRACT CAPACITY TEST AND OTHER TESTS to establish the Contract Capacity commencing on the Project COD, even if the date of such test does not fall within a NYISO Capability Period Test Window. In such event, the Contract Capacity shall be revised based on the results of any in-period test conducted by Seller as required by NYISO Rules and any deficiency charges shall be Seller's sole responsibility. Buyer shall reserve the right to review the test results to ensure that such results are in accordance with the NYISO Rules and APPENDIX 12APPENDIX 12: CONTRACT CAPACITY TEST AND OTHER TESTS.

3.8.2 Post Project COD Contract Capacity Tests. In each Contract Capability Period, Seller shall conduct or cause to be conducted a Contract Capacity Test in accordance with NYISO Rules to establish the Contract Capacity for such Contract Capability Period, as more fully described in APPENDIX 12APPENDIX 12 CONTRACT CAPACITY TEST AND OTHER TESTS.

3.8.3 Other Tests. Prior to achieving Project COD, Buyer shall have the right to request that Seller conduct, or cause to be conducted, a Ramp Rate Test, a Duty Cycle Test and/or a Roundtrip Efficiency Test in accordance with NYISO Rules and APPENDIX 12APPENDIX 12 CONTRACT CAPACITY TEST AND OTHER TESTS. Buyer shall reserve the right to review any such test results to ensure that such results are in accordance with the NYISO Rules and APPENDIX 12APPENDIX 12 CONTRACT CAPACITY TEST AND OTHER TESTS.

3.8.4 Notice of Tests. A Party requesting or performing a test shall provide written notice thereof to the other Party, which shall be the greater of seven (7) Days or the requisite notice period set forth under then applicable NYISO Rules for such test. Buyer shall have the right to attend, observe and receive the results of all tests. Seller shall provide to Buyer the results of each test no later than five (5) Business Days after the performance of such test.

3.8.5 Reporting. Seller shall regularly report all such operating and test data as the NYISO Rules shall require of Installed Capacity Suppliers and other sellers of Products.

3.9 **Seller Capacity Obligations.** Seller shall (directly or indirectly through contractors or Affiliates) control the operation of the Project(s) in accordance with Legal

Requirements, this Agreement and Prudent Utility Practices. Seller shall perform all obligations of an Installed Capacity Supplier, as applicable, set forth in the NYISO Tariff Sections 5.12 and the ICAP Manual Section 4 with respect to the Project(s) and the Project's Contract Capacity. Seller shall also take all actions reasonably requested by Buyer to maintain the qualification of the Contract Capacity of the Project as Installed Capacity.

3.10 Sale of Contract Capacity. Beginning on the Service Commencement Date and continuing through the Service Term, Seller shall sell and make available to Buyer at the Contract Capacity Delivery Point the Contract Capacity, and Buyer shall purchase and receive from Seller the Contract Capacity by paying Seller the Contract Capacity Monthly Payment.

3.11 Sale of Contract Energy. (If applicable). Respondent to please provide details of proposed provision of Contract Energy including structure, pricing and term. If fixed price energy is proposed, please fill out "Fixed Price Energy Provided and Associated Pricing" table in **APPENDIX 3**

APPENDIX 3 ENERGY QUANTITY AND PRICING.

3.12 Response to Supplemental Resource Evaluation (SRE) Request

3.12.1 Responding to SRE Request. If the NYISO issues a Supplemental Resource Evaluation (SRE) request for the Project, then except to the extent Seller is unable to respond to the SRE request due to an Outage, due to physical operating limitations affecting the Project, or due to other operational issues that are outside the Seller's control, as determined by the NYISO, Seller must take the following actions for each hour of the SRE request: (a) provide pertinent operational and availability information to Buyer and Buyer will bid an Import to the New York Control Area at the bid floor in a MW quantity equal to the Contract Capacity sold to the Buyer, subject to potential reductions discussed below in this Section, and (b) ensure that the Project is capable of operating and is available to provide all of the MW that were Bid to be imported into the New York Control Area, up to the Contract Capacity sold to the Buyer, for the entire duration of the SRE request. Seller's obligation to provide the amount of SRE Energy shall be reduced to the extent the Seller already has an Energy schedule in the PJM Day-Ahead Energy Market or is committed in the real-time Energy market in PJM, as applicable, for the requested SRE hours.

If Seller is not able to comply with each of the above requirements, it shall provide to the Buyer, and the Buyer will provide to the NYISO, an explanation of the reasons for its failure or inability to perform, including evidence demonstrating any physical operating limitations or other operational issues that prevented such compliance.

3.12.2 Compensation for SRE Energy. If, in any Month, Energy from the Project was scheduled in response to a NYISO SRE request, Buyer will compensate Seller based on Real-Time Market price for the MWh of Energy (i.e., Real-Time LBMP) at the Neptune Cable Proxy Generator Bus for each hour of the SRE call. In addition, Seller is eligible to be compensated for other actual and verified costs it has incurred to respond to the SRE request to the extent such costs exceed its Real Time LBMP revenue. These costs will include, but are not limited to, incremental costs of generation to supply SRE Energy, the incremental costs incurred by Seller to transmit the SRE Energy to the New York Control Area border, and the opportunity cost associated with lost expected revenue. It is Seller's obligation to document its costs and revenues associated with its response to the SRE call to NYISO's satisfaction. Seller shall provide Buyer

such pertinent documentation in accordance with Section 4.1.8 of the NYISO Market Administration and Control Area Services Tariff —Buyer shall provide to NYISO all documentation provided to it by Seller. For the avoidance of doubt, to the extent that the actual net revenue from selling SRE Energy to NYISO exceeds the hypothetical net revenue from selling said Energy to PJM, there shall be no additional compensation by Buyer to Seller for such hours.

3.13 Securing Transmission Service. During the Service Term, Buyer shall secure Transmission Service, which is required for the Contract Capacity to be eligible to be exported into the NYCA pursuant to the PJM Tariff.

3.14 Buyer's Resale of Contract Capacity and Contract Energy . Buyer shall be free to use or resell the Contract Capacity and Contract Energy without restriction.

3.15 No Encumbrances. At the time of any conveyance by Seller to Buyer of the Contract Capacity, (i) such Contract Capacity shall be free and clear of any restrictions on transfer (other than those imposed under the NYISO Tariff and the ICAP Manual), taxes, security interests, options, warrants, purchase rights, contracts, commitments, equities, claims, or demands, and (ii) Seller shall not have conveyed such Contract Capacity to any other Person, nor sold any such Contract Capacity for the purpose of meeting the electric generation capacity requirements in the New York Control Area or any External Control Area (as defined in the NYISO Tariff).

3.16 Maintenance Outages. Seller will ensure that the Project will not be subject to a scheduled maintenance Outage from May 1 to September 30 during the Term consistent with Prudent Utility Practices.

3.17 Station Service Energy. Seller shall have the sole responsibility to obtain and pay for such Station Service Energy as applicable to the Project.

3.18 Change in Law. Seller shall be responsible for and pay for all additional costs resulting from a Change in Law affecting or arising on Seller's side of the Delivery Points. Buyer shall be responsible for and pay for all additional costs resulting from a Change in Law affecting or arising on Buyer's side of the Delivery Points.

3.19 Buyer's Access to Records. At Buyer's request, Seller shall make available all records pertaining to (i) the determination of the Project's Installed Capacity and Unforced Capacity, (ii) the calculation of the Project Availability Percentage and (iii) the supply of the Contract Capacity to Buyer.

3.20 Seller as Owner of the Project. Seller shall at all times retain title to and be the legal and beneficial owner of the Project and the Project shall remain the property of the Seller or Seller's permitted assigns. The Parties specifically acknowledge and agree that Seller shall be the owner of the Project for federal income tax purposes and, in that connection, shall be entitled to the depreciation deductions associated with the Project as well as any tax credits or other income tax benefits provided under the Code to which the Project may be entitled.

3.21 Facility Control. Seller shall be responsible for all costs of maintaining and operating the Project. As required by NYISO ICAP Manual, Section 4.9.1, and also provided in

APPENDIX 7APPENDIX 7: FORM OF LETTER CERTIFYING CONTRACTUAL CONTROL, the Seller shall complete and sign the Form of Letter Certifying Contractual Control for Buyer's registration of the Facility as a Capacity resource under its NYISO account.

3.22 Bidding and Scheduling Instructions. No later than ninety (90) Days prior to the Service Commencement Date, Buyer and Seller shall jointly and cooperatively develop detailed written "Bidding and Scheduling Instructions" setting forth the procedures for the receipt of Contract Capacity, Contract Energy, and for responding to an SRE request, which shall comply with PJM and NYISO Rules. The Bidding and Scheduling Instructions shall also include pertinent contact information for Buyer's and Seller's operating personnel. In the Bidding & Scheduling Instructions, Seller and Buyer shall agree to performance curves detailing the MW capability of the Project over a range of ambient conditions. Such performance curves shall be part of the Operating Limits.

3.23 NYISO Penalties . Seller shall be responsible for any and all penalties ("NYISO Penalties") incurred due to failures by the Seller to fulfill all applicable requirements under NYISO Rules, which include but are not limited to: (i) failure to provide required information to the NYISO in accordance with Section 5.12.12.1 of the NYISO Market Administration and Control Area Services Tariff; (ii) failure to respond to a NYISO request for SRE Energy in accordance with Section 5.12.12.2 of the NYISO Market Administration and Control Area Services Tariff; and (iii) failure to qualify part or all of the Contract Capacity as Installed Capacity in accordance with the rules and requirements set forth in the ICAP Manual. If the NYISO imposes a deficiency charge on Buyer as a result of a Capacity shortfall from the Project pursuant to Section 5.14.2 of the MST, Seller will be responsible for any such deficiency charge. In the event that NYISO imposes any of the foregoing penalties on Buyer, Seller shall reimburse Buyer for the same.

3.24 Capacity Performance Charges and Payments. To the extent the Seller is assessed PJM charges directly, including negative Capacity Performance Payments, the Seller shall be solely responsible for such charges. To the extent a positive Capacity Performance Payment is made to the Seller pursuant to the PJM and/or NYISO Rules, Seller shall inform Buyer of any such payments. Buyer shall be entitled to 50% of any such positive amounts Seller has received. This amount shall be applied by Seller against Buyer's payment obligations under Section 6.2. Buyer shall not be entitled to any such positive Capacity Performance Payments received by Seller on account of Capacity in excess of the Contract Capacity.

3.25 Title. Title to and risk of loss to the Products provided under the terms of this Agreement shall pass from Seller to Buyer at the Delivery Points.

3.26 Schedule Deviation. Seller shall provide Contract Energy in accordance with PJM Rules for bilateral transactions as scheduled by the Buyer. In the event Seller's failure to comply with the foregoing results in a Schedule Deviation that is an under-delivery, Seller shall reimburse Buyer for any charges for Real-Time Market penalties imposed on Buyer by NYISO with respect to such Schedule Deviation. In the event of a Schedule Deviation that is an over-delivery, Seller shall credit Buyer with its average cost for Contract Energy, which shall be deemed to be the Real-Time LBMP for Zone K for all applicable Hours.

The Parties acknowledge and agree that the terms, conditions and amounts determined according to this ARTICLE 4:ARTICLE 4 for the payment of Availability Damages are reasonable considering the damages that Buyer would be expected to sustain if any event or circumstance described in the immediately preceding sentence occurs. The Parties have agreed upon and established the amounts of the Availability Damages because of the difficulty of ascertaining the exact amount of such damages in such event or circumstance and because otherwise obtaining an adequate remedy would be difficult or inconvenient. The Availability Damages are not penalties and shall be paid in the circumstances contemplated by and according to this ARTICLE 4:ARTICLE 4, regardless of the amount of damages that Buyer actually sustains. For the avoidance of doubt, the payment of Availability Damages shall be in addition to any obligations of Seller to reimburse Buyer for any NYISO Penalties as described in Section 3.23.

Such dispute shall be settled in accordance with the dispute resolution process set forth ARTICLE 12:ARTICLE 12.

5.6 Suspension of Performance. Notwithstanding any other provision of this Agreement, if a Seller Event of Default or a Buyer Event of Default shall have occurred and be continuing, the Non-Defaulting Party, upon written notice to the Defaulting Party, shall have the right (i) to suspend performance under this Agreement provided, however, in no event shall any such suspension continue for longer than twenty (20) Business Days unless an early Termination Date shall have been declared and notice thereof given pursuant to Section 5.3, and (ii) to the extent a Seller Event of Default or a Buyer Event of Default, as applicable, shall have occurred and be continuing, to exercise any remedy available at law or in equity.

6.3 Timeliness of Payment. Unless otherwise agreed by the Parties, all invoices under this Agreement shall be due and payable in accordance with each Party's invoice instructions on or before the thirtieth (30th) Day after receipt of the invoice or, if such Day is not a Business Day, then on the next Business Day. For the avoidance of doubt, such thirtieth (30th) Day after receipt of the invoice, or such following Business Day, shall be the date on which the amounts invoiced therein shall be due for all purposes of this Agreement. Each Party will make payments by electronic funds transfer, or by other mutually agreeable method(s), to the account designated by the other Party. Any amounts not paid by the due date will be deemed delinquent and will accrue interest at the Interest Rate, such interest to be calculated from and including the due date to but excluding the date the delinquent amount is paid in full.

6.4 Disputes and Adjustments of Invoices. A Party may, in good faith, dispute the accuracy of any invoice or any adjustment (including any calculation of Availability Damages) to an invoice, rendered under this Agreement or adjust any invoice for any arithmetic or computational error within six (6) years of the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due, with notice of the objection given to the other Party. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. If an invoice is not rendered within twelve (12) Months after the close of the Month during which performance occurred, the right to payment for such performance is waived.

6.5 Payment Obligation. Each Party shall pay the other Party all amounts owed in full when due except for amounts in dispute in accordance with Section 6.4.

ARTICLE 7: LIMITATIONS

THE PARTIES AGREE THAT THE WARRANTIES GIVEN BY SELLER IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES AVAILABLE AT LAW OR IN EQUITY, INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY AND ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, ARE HEREBY DISCLAIMED. THE PARTIES CONFIRM THAT THE EXPRESS REMEDIES AND MEASURES OF DAMAGES PROVIDED IN THIS AGREEMENT SATISFY THE ESSENTIAL PURPOSES HEREOF AND SHALL BE THE SOLE AND EXCLUSIVE REMEDY FOR THE BREACH OF ANY PROVISION TO WHICH SUCH EXPRESS REMEDY RELATES. UNLESS EXPRESSLY HEREIN PROVIDED, NEITHER PARTY SHALL BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES, LOST PROFITS OR OTHER BUSINESS INTERRUPTION DAMAGES, BY STATUTE, IN TORT OR CONTRACT, UNDER ANY INDEMNITY PROVISION OR OTHERWISE. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS HEREIN IMPOSED ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE. TO THE EXTENT ANY DAMAGES REQUIRED TO BE PAID HEREUNDER ARE LIQUIDATED, THE PARTIES ACKNOWLEDGE THAT THE DAMAGES ARE DIFFICULT OR IMPOSSIBLE TO

DETERMINE, OR OTHERWISE OBTAINING AN ADEQUATE REMEDY IS INCONVENIENT AND THE LIQUIDATED DAMAGES CALCULATED HEREUNDER CONSTITUTE A REASONABLE APPROXIMATION OF THE HARM OR LOSS, AND NOT A PENALTY.

ARTICLE 8: CREDIT REQUIREMENTS

8.1 Letter of Credit or Guaranty. Within ten (10) Business Days after the Effective Date, Seller will provide security to Buyer in the form of a Letter of Credit in the amount of fourteen (14) percent of the Notional Value \$50,000.00 per MW, based on the Contract Year with the largest quantity of Contract Capacity sale, (such a Letter of Credit, the “Seller Security”). The Letter of Credit must be substantially in the form set forth in APPENDIX 4: **BUYER’S FORM OF LETTER OF CREDIT**. Upon achievement of Project COD, the Letter of Credit may be replaced by a Guaranty acceptable to the Buyer. The Guaranty must be substantially in the form of APPENDIX 13: **FORM OF SELLER GUARANTY**. Draw or Demand on Letter of Credit. Any undisputed amounts due and owing to Buyer by Seller with respect to Seller’s failure to perform any of its obligations under this Agreement that are not paid by the date due may be satisfied by a draw on the Letter of Credit (or demand on Guarantor if all or a portion of the Seller Security is in the form of a Guaranty). Buyer shall return to Seller the original Letter of Credit or Guaranty within thirty (30) Business Days after the Term, provided that Seller has fulfilled all of its obligations under this Agreement.

8.2 Replenishment. In the event that Buyer draws down or makes a claim on the Letter of Credit or Guaranty, Seller shall replenish such amount within ten (10) Business Days.

ARTICLE 9: GOVERNMENTAL CHARGES

9.1 Cooperation. Each Party shall use commercially reasonable efforts to implement the provisions of and to administer this Agreement in accordance with the intent of the Parties to minimize all taxes, so long as neither Party is materially adversely affected by such efforts.

9.2 Governmental Charges. Seller shall pay or cause to be paid all taxes imposed by any Government Authority (“Governmental Charges”) on or with respect to the Project and the purchase and sale of the Products, including (a) ad valorem, franchise or income taxes which are related to the conveyance of the Contract Capacity and (b) all costs of qualifying Contract Capacity of the Project as Installed Capacity and Unforced Capacity under the NYISO Tariff and the ICAP Manual. In the event Seller is required by Legal Requirements to remit or pay Governmental Charges which are Buyer’s responsibility hereunder, Buyer shall promptly reimburse Seller for such Governmental Charges. If Buyer is required by Legal Requirements to remit or pay Governmental Charges which are Seller’s responsibility hereunder, Buyer may deduct the amount of any such Governmental Charges from the sums due to Seller under ARTICLE 6: of this Agreement. Nothing shall obligate or cause a Party to pay or be liable to pay any Governmental Charges for which it is exempt under Legal Requirements. Notwithstanding the foregoing, neither Party shall be required to pay any portion of Governmental Charges arising from the other Party’s failure to perform any obligation under this Agreement.

ARTICLE 10: INSURANCE

This indemnification obligation shall apply notwithstanding the negligence or willful misconduct of the Indemnified Party, but the Indemnifying Party’s liability to pay damages to the Indemnified Party shall be reduced in proportion to the percentage by which the Indemnified Party’s negligence or willful misconduct contributed to the claim giving rise to, or increased the level of, the damages. A Party may change its addresses by providing notice of same in accordance herewith.

11.9 General. This Agreement (including the appendices, schedules and Supplement 1 hereto), constitutes the entire agreement between the Parties relating to the subject matter. This Agreement shall not impart any rights enforceable by any third party (other than a permitted successor or assignee bound to this Agreement). Any provision declared or rendered unlawful by any applicable court of law or regulatory agency or deemed unlawful because of a statutory change (individually or collectively, such events referred to as “Regulatory Event”) will not otherwise affect the remaining lawful obligations that arise under this Agreement; and provided, further, that if a Regulatory Event occurs, the Parties shall use commercially reasonable efforts to reform this Agreement in order to give effect to the original intention of the Parties. The term “including” when used in this Agreement shall be by way of example only and shall not be considered in any way to be in limitation. The headings used herein are for convenience and reference purposes only. All indemnity and audit rights shall survive the termination of this Agreement for six (6) Years. This Agreement shall be binding on each Party’s successors and

permitted assigns. References to any Person herein shall include such Person's permitted successors and assigns.

11.10 Audit. Each Party has the right (at its sole expense during normal working hours and provided that such Party has given reasonable prior notice) to examine the records of the other Party to the extent reasonably necessary to verify the accuracy of any statement, charge or computation made pursuant to this Agreement. If any such examination reveals any inaccuracy in any statement, the necessary adjustments in such statement and the payments thereof will be made promptly and shall bear interest calculated at the Interest Rate from the date the overpayment or underpayment was made until paid.

11.11 Forward Contract. The Parties acknowledge and agree that this Agreement constitutes a "forward contract" within the meaning of the United States Bankruptcy Code (Title 11, United States Code).

11.12 Counterparts. This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute a single agreement.

11.13 Amendment. No amendment or modification to this Agreement shall be enforceable unless reduced to writing, executed by both Parties, and approved by the State Comptroller.

11.14 Compliance with Legal Requirements, Regulations, NYISO Rules and PJM Rules. Each Party will comply with applicable Legal Requirements, regulations, NYISO Rules and PJM Rules at all times, provided that failure of a Party to do so shall not constitute a Seller Event of Default or a Buyer Event of Default unless such failure has, or with the passage of time or upon initiation of enforcement actions by any Governmental Authority is reasonably expected to have, a material adverse impact on the other Party's realization of benefits for which this Agreement provides.

11.15 Waiver. The failure of either Party to enforce at any time any of the provisions of this Agreement, or to require at any time performance by the other Party of any of the provisions hereof; shall in no way be construed to be a waiver of such provisions, or in any way to affect the validity of this Agreement or any part hereof or the right of such Party hereafter to enforce every such provision. No modification or waiver of all or any part of this Agreement shall be valid unless it is reduced to a writing, signed by both Parties, that expressly states that the Parties agree to a waiver of modification, as applicable. Waiver by a Party of any default by the other Party shall not be construed as a waiver of any other default.

11.16 Agency. This Agreement shall not be interpreted or construed to create an association, joint venture, or partnership between the Parties or to impose any partnership obligation or liability upon either Party. Neither Party shall have any right, power or authority to enter into any agreement or undertaking for, or act on behalf of, or be an agent or representative of, or to otherwise bind, the other Party.

11.17 Severability.

11.17.1 If any term or provision of this Agreement or the application thereof to any Party, or circumstance, shall to any extent be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to Persons or circumstances other than those as to which it is invalid or unenforceable, shall not be effected thereby, and each term and provision of this Agreement shall be valid and enforceable to the fullest extent permitted by Legal Requirements.

11.17.2 If any term or provision of this Agreement or the application thereof to any Party, or circumstance, shall to any extent be invalid or unenforceable and if this results in one Party being materially affected compared to the other Party, or being deprived of a material element of its original bargain, then the Parties shall negotiate in good faith to restore as nearly as possible or rebalance the benefits of this Agreement to those existing prior to the term or provision being determined to be invalid or unenforceable.

11.18 Negotiated Agreement. This Agreement shall be considered for all purposes as prepared through the joint efforts of the Parties and shall not be construed against any one Party or the other as a result of the preparation, substitution or other event of negotiation, drafting or execution hereof.

11.19 Business Continuity Plan. Seller shall address potential exposure to internal and third-party threats to Seller's supply chain and operations which may adversely impact Seller's performance under this Agreement. Seller shall establish and maintain a current and effective Business Continuity Plan, approved by managers with highest responsibility for overall direction of Seller's business, which demonstrates business continuity management capability, and delineates the prevention of and recovery from events that disrupt or adversely impact Seller's ability to provide Products to Buyer. Prevention efforts may include, but need not be limited to, making standby arrangements with disaster recovery contractors, establishing risk mitigation inventory processes and/or stock of raw materials or spares/sub-assemblies, or, for critical applications, flow down protective contract provisions in contracts with Seller's subcontractors and third-party providers of goods and services. Seller shall review and update its Business Continuity Plan as circumstances require to assure that Business Continuity Plan is appropriate and adequate for Seller's duties to Buyer under this Agreement and that it meets generally accepted industry standards (such as NFPA 1600 or those promulgated by FEMA, among others). Upon Buyer's request, Seller shall provide Buyer a copy of the most recently updated Business Continuity Plan.

ARTICLE 12: DISPUTE RESOLUTION

12.1 Notice. Either Party ("Aggrieved Party") shall have the right to give written notice (via overnight delivery) and email confirmation to the other Party ("Noticed Party") that Noticed Party is not performing in accordance with Aggrieved Party's interpretation of the terms and conditions of this Agreement. Such notice shall describe with specificity the basis for Aggrieved Party's belief and may describe the recommended options to correct the failure.

12.2 Response. Noticed Party shall respond to Aggrieved Party's written notice within twenty (20) Days after receipt. If Noticed Party agrees with Aggrieved Party's concern, Noticed

Party shall promptly take appropriate action to correct such failure and include in its response a description of the action taken and a good faith estimate of the time necessary to correct the failure. In such circumstance, Noticed Party shall bear all costs incurred by both Parties associated with the corrective action.

12.3 Resolution of Dispute. If Noticed Party disagrees with Aggrieved Party's concern, each Party shall designate a member or members of senior management to discuss the matter and attempt to resolve the dispute. The representatives of the Parties shall meet in a location mutually agreed upon by the Parties within twenty (20) Days after Noticed Party's response to Aggrieved Party's notice. The Parties agree to meet promptly (and in any event not more than fifteen (15) Days after such response) and use their commercially reasonable efforts to settle promptly any disputes or claims arising out of or related to this Agreement through their respective representatives, and shall negotiate in good faith to resolve the dispute. All negotiations and discussions pursuant to this Section 12.3 shall be confidential, subject to Legal Requirements, and shall be treated as compromise and settlement negotiations for purposes of Federal Rule of Evidence 408 and applicable state rules of evidence. If at any time at least thirty (30) Days after Noticed Party's response to Aggrieved Party's notice, either Party believes that continued discussions will not result in a resolution of the dispute, then such Party may pursue its rights and remedies at law.

12.4 Tolling Statute of Limitations. All applicable statutes of limitation and defenses based upon the passage of time and similar contractual limitations shall be tolled while the discussions specified in this ARTICLE 12:ARTICLE 12 are pending. The Parties will take such action, if any, required to effectuate such tolling. Without prejudice to the procedures specified in this ARTICLE 12:ARTICLE 12, a Party may file a complaint for statute of limitations purposes, if in its sole judgment such action may be necessary to preserve its claims or defenses. Notwithstanding such action, the Parties will continue to participate in good faith in the procedures specified in this ARTICLE 12:ARTICLE 12, subject, however, to the rights of the Parties under the last sentence of Section 12.3.

ARTICLE 13: FORCE MAJEURE EVENTS

Definition of Force Majeure Event. The term "Force Majeure Event" as used herein, shall mean those events, acts, omissions or circumstances which are outside of the affected Party's control, which were not reasonably foreseeable, and which could not have been avoided by the affected Party through the employment of Prudent Utility Practices, including any act of God, an act or threatened act of the public enemy, war (imminent, declared or otherwise) blockade, accidents of navigation or breakdown or injury of vessels, accidents to harbors, docks, canals or other assistances to, or adjuncts of, shipping or navigation, perils of the sea, air crash, shipwreck, train wrecks or other failures or delays of transportation, nuclear emergency, radioactive contamination, ionizing radiation, release of hazardous waste or materials, sabotage, terrorist acts, invasion, insurrection, riot, non- site specific industrial disturbance by a union or organized labor (including any non-site specific strike or boycott), fire (not caused by malfunction of the Seller's equipment), flood, lightning, earthquake, hurricane, tornado, winds of extreme force, extreme accumulation of snow or ice, naturally occurring epidemic, pandemic, explosion or any similar cataclysmic occurrence, acts or restraints of a Governmental Authority other than Buyer (which do not

constitute a Change in Law), which temporarily or permanently prevent required performance under this Agreement. Neither Party may claim a Force Majeure Event for any delay or failure to perform or carry out any provision of this Agreement to the extent that such Party has been negligent or has engaged in willful misconduct and such negligence or willful misconduct contributed to that Party's delay or failure to perform or carry out its duties and obligations under this Agreement. Neither (i) economic hardship of a Party, (ii) Seller's ability to sell the Contract Capacity at a price greater than that for which such is herein contracted, (iii) Buyer's ability to purchase Contract Capacity at a price less than that for which such is herein contracted, (iv) inability of a Party to obtain financing, arrange credit support or make payments, (v) inability to obtain or maintain Consents, nor (vi) loss of Seller's supply including any breakdown of machinery or equipment, which loss is not itself caused by a Force Majeure Event, shall constitute a Force Majeure Event.

13.1 Force Majeure Event. Except as specifically provided for in this Agreement, if a Force Majeure Event causes either Party to be wholly or partially unable to perform its obligations under this Agreement, that Party shall be excused from performance (other than payment obligations). The suspension of performance due to a Force Majeure Event shall be of no greater scope (or amount) and of no longer duration than is required by such Force Majeure Event and the Claiming Party (as defined below) shall not be construed to be in default with respect to any obligation hereunder for so long as, but only to the extent that, failure to perform such obligation (or make such payment) is due to a Force Majeure Event. No Force Majeure Event shall extend this Agreement beyond the Term.

13.2 Due Diligence. A Party claiming a Force Majeure Event ("Claiming Party") shall: (a) provide oral notice as promptly as practicable followed by written notice to the other Party ("Non-Claiming Party") no later than five (5) Business Days after the first day of such Force Majeure Event, giving the Non-Claiming Party a detailed written explanation of the event and an estimate of its expected duration and probable effect on the performance of the Claiming Party's obligations hereunder, (b) use commercially reasonable efforts in accordance with Prudent Utility Practices to remedy the condition that prevents performance and to mitigate the effects of same in order to continue to perform its obligations under this Agreement, and (c) keep the Non-Claiming Party informed in writing of all efforts to mitigate and remedy the Force Majeure Event.

13.3 Extended Force Majeure Events.

13.3.1 If the Claiming Party has reason to believe that a Force Majeure Event will prevent it from performing its obligations under this Agreement for one (1) Month or longer ("Extended Force Majeure Event"), it shall notify the Non-Claiming Party in writing within fifteen (15) Days from the beginning of said Force Majeure Event and shall submit a plan to remedy the impact of such Force Majeure Event(s) (a "Force Majeure Remedy Plan") to the Non-Claiming Party within ten (10) Days of such notification.

13.3.2 While the Force Majeure Remedy Plan is in effect, the Claiming Party shall provide (a) weekly status reports notifying the Non-Claiming Party of the steps which have

been taken to remedy the Extended Force Majeure Event, and (b) the expected remaining duration of its inability to perform hereunder.

13.4 Insurance Proceeds. In the event Seller obtains insurance proceeds to restore the Project or its related facilities and equipment that has been damaged as a result of a Force Majeure Event, Seller shall apply such proceeds to the restoration of the damaged facility; provided that, (a) such proceeds shall be required to be so applied only if such proceeds alone are sufficient to complete such restoration without the addition of any capital investment beyond such insurance proceeds, (b) the requirements of this Section 13.4 shall be subject and subordinate to the rights of the Lenders under the Seller's financing or financial arrangements, and (c) if Seller notifies Buyer that it proposes to restore the Project pursuant to this Section 13.4, Buyer's rights under Section 13.5 to terminate this Agreement as a result of such Force Majeure Event shall be deemed to have been waived and shall be of no force and effect, provided that the restoration does not take longer than six (6) months.

13.5 Right to Terminate or Discontinue Obligations. Either Party may terminate this Agreement if the Claiming Party remains unable to perform its material obligations hereunder for (i) six (6) consecutive Months or (ii) the remaining period of the Term, whichever is less, consecutive Months following the date of a Force Majeure Event; provided, that (i) subject to (ii) below, neither Party shall be entitled to terminate this Agreement if the Claiming Party (a) has commenced to remedy the Force Majeure Event and (b) is diligently pursuing such remedy; and (ii) if a Force Majeure Event occurs which is not curable within (6) Months through commercially reasonable efforts of the Claiming Party, the Non-Claiming Party shall have the right to terminate this Agreement immediately upon written notice to the Claiming Party.

13.6 Liability Following Termination for Force Majeure Event. Upon termination of this Agreement as provided in Section 13.5 the Parties shall have no further liability or obligation to each other as a consequence of such termination, except for any obligation accruing prior to the occurrence of such Force Majeure Event.

ARTICLE 14: SALE OF PROJECT

14.1 Sale of Project. Seller may not, without the prior written consent of Buyer, transfer its interest in the Project to a third party (other than an Affiliate of Seller that assumes all obligations to perform this Agreement and complies with the requirements of Section 14.1.1) or transfer its interest in the Project to any Person succeeding to all or substantially all of the assets of Seller, and any such consent by Buyer may be conditioned upon such transferee or successor entity assuming all obligations to perform this Agreement and complying with the requirements of Section 14.1.1. For the avoidance of doubt, the foregoing does not restrict in any manner the sale of the equity interests in Seller.

14.1.1 With respect to any transfer of interest in the Project in compliance with Section 14.1 above, the transferee or successor entity shall execute and deliver to Buyer an assignment and assumption of this Agreement pursuant to which it shall assume all of the duties and obligations of Seller under this Agreement and unconditionally assumes and agrees to be bound by all of the terms and conditions of this Agreement as Seller and whereby the

transferee or successor entity makes certain additional representations and warranties as appropriate for such transferee or successor entity that are substantially similar to those contained in Section 11.1 and such transferee or successor entity shall deliver evidence of such corporate powers, due authorization and enforceability assurances as Buyer may reasonably request. Upon any permitted transfer by Seller pursuant to Section 14.1, Seller shall be, without further action by Buyer, released and discharged from all obligations under this Agreement arising after the effective date of such transfer. This is an outage that does not require immediate removal of a unit from the in-service state, instead requiring removal within six hours. This type of outage can only occur while the unit is in service.

NERC Event Type U3:

U3 – Unplanned (Forced) Outage — Postponed

This is an outage that can be postponed beyond six hours but requires that a unit be removed from the in-service state before the end of the next weekend (Sunday at 2400 or before Sunday turns into Monday). This type of outage can only occur while the unit is in service.

NERC Event Type MO:

MO – Maintenance Outage

An outage that can be deferred beyond the end of the next weekend (defined as Sunday at 2400 hours or as Sunday turns into Monday), but requires that the unit be removed from service, another outage state, or Reserve Shutdown state before the next Planned Outage (PO). Characteristically, a MO can occur any time during the year, has a flexible start date, may or may not have a predetermined duration, and is usually much shorter than a PO. Discovery work and re-work which render the unit out of service beyond the estimated MO end date are not considered part of the original scope of work. A maintenance extension may be used only in instances where the original scope of work requires more time to complete than the estimated time. For example, if an inspection that is in the original scope of work for the outage takes longer than scheduled, the extra time should be coded as an extension (ME). If the damage found during the inspection is of a nature that the unit could be put back on-line and be operational past the end of the upcoming weekend, the work could be considered MO or ME. If the inspection reveals damage that prevents the unit from operating past the upcoming weekend, the extended work time should be Forced Outage (See definitions of Event Types U1, U2, or U3 above).

NERC Event Type ME:**ME – Maintenance Outage Extension**

GADS (Generating Availability Data System) defines a maintenance outage extension as an extension of a maintenance outage (MO) beyond its estimated completion date. This means that at the start of an MO, the outage had an estimated duration (time period) for the work and a date set for the unit to return to service. All work during the MO is scheduled (part of the original scope of work) and all repair times are determined before the outage started.

NERC Event Type PO:**PO – Planned Outage**

An outage that is scheduled well in advance and is of a predetermined duration, can last for several weeks, and occurs only once or twice a year. Turbine and boiler overhauls or inspections, testing, and nuclear refueling are typical planned outages. For a planned outage, all of the specific individual maintenance and operational tasks to be performed are determined in advance and are referred to as the “original scope of work.” The general task of repairing turbines, boilers, pumps, etc. is not considered a work scope because it does not define the individual tasks to be performed.

Discovery work and re-work which render the unit out of service beyond the estimated PO end date are not considered part of the original scope of work. A planned extension may be used only in instances where the original scope of work requires more time to complete than the estimated time.

NERC Event Type PE:**PE – Planned Outage Extension**

GADS defines a planned outage extension as an extension of a Planned Outage (PO) beyond its estimated completion date. This means that at the start of the PO, the outage had an estimated duration (time period) for the work and a date set for the unit to return to service. All work during the PO is scheduled (part of the original scope of work) and all repair times are determined before the outage started.
