

PSEG LONG ISLAND

COMMERCIAL EFFICIENCY PROGRAM

PROGRAM ANNOUNCEMENT

Document #: CEP 2025-04
Announcement Date: October 21, 2025

RE: 2025 Commercial Program Updates

On August 1, 2025, we announced (see Program Announcement CEP 2025-03) new measures that were identified as “Non-Strategic*”. Based on *new and additional* guidance from New York State through the New Efficiency: New York order, PSEG Long Island would like to announce the following changes to the Commercial Efficiency Portfolio. All measures identified as “Non-Strategic” will be discontinued as per the table below. All updates are in **orange**.

Commercial Efficiency Program Changes

Non-Strategic Measures		
Discontinuation Effective Date	Program	Measure Type
8/1/2025	Custom	Plug Load/Plug Load Management
		Horticultural Lighting
		Indoor & Outdoor Lighting*
		Lighting Controls
		UV Lamps
12/1/2025	Lighting	Indoor & Outdoor Lighting
	Refrigeration	Strip Curtains, Night Covers, Door Gaskets, Ice Maker, LED Lighting, Lighting Controls
	Standard	HVAC Motor Belts, VFDs, Elevator Modernization, EC Motor: Hydronic Circulator Pump
	Water Heater & Conservation	Pre-Rinse Spray Valves, Clothes Washer, Clothes Dryer, Salon Valves, Low Flow Faucet, Low Flow Showerhead
	HVAC	All Central Air Conditioners and Cooling Only Equipment

*Lighting no longer available through Custom Application; Applications for eligible lighting measures may be submitted through Comprehensive Performance Lighting and Fast Track Lighting through 12/1/2025

Any 2025 program measures currently offered in the Commercial Efficiency Program, that are not listed above, will continue to be eligible for rebates in 2026. Please note, if you have a Custom Chiller project, consult your PSEG Long Island representative to discuss measure eligibility.

General Note: For all newly identified measures in the above table (in **orange**), existing pre-approvals will be honored. For all new projects, project must be completed and closing documents submitted by December 1, 2025. If you’re unsure if your measure is considered “Non-Strategic”, please contact your PSEG Long Island representative for more information.

***Non-Strategic Definition:**

- Naturally occurring EE that results from codes & standards or routine market adoption
- Increase use of fossil fuels
- Jeopardize advancement of strategic EE/BE programs/measures
- Have an effective, useful life of 6 years or less

The PSEG Long Island Energy Efficiency team holds Open House Events every Friday from 9AM to 10AM at the TRC office at 395 North Service Road, Suite 409, Melville, NY 11747 and on TEAMS ([Click here to join the meeting \[teams.microsoft.com\]](#)). If you have any questions about the application updates, Partner Portal, or any other questions on your projects, please do attend.

Questions or concerns with program updates should be directed to the Commercial Efficiency Program Mailbox CEPLI@pseg.com, or to the PSEG Long Island Infoline (800-692-2626).
