**PSEG LONG ISLAND  
HOME COMFORT  
PROGRAM ANNOUNCEMENT  
Document #: HC 2022-04  
Announcement Date: August 29, 2022**

**RE: 2022 Home Comfort and Home Performance Program Application Version 3.1 Release**

Dear Home Comfort Partners:

PSEG Long Island is pleased to announce the 2022 Home Comfort and Home Performance v3.1 rebate application workbook. The application workbook is now available for download at <https://www.psegliny.com/saveenergyandmoney/homeefficiency/homecomfort/contractors>

Please start using v3.1 effective immediately. We detected an error with the contractor incentive on rebate application workbook v3.0.

There are no changes to rebate amounts or eligibility criteria. All NEEP listed systems are still eligible for rebate.

Please continue to submit photos of existing mechanical equipment and newly installed heat pump with controls for faster processing time.

You MUST include the make model and serial number of the Integrated Control/ Dual fuel thermostat on your invoice.

When installing a single zone ductless mini split choose Ductless Mini Split – ccASHP for “New Equipment Type” on ASHP Equipment Info tab. When installing more than one indoor unit per outdoor unit (Multi zone) choose Ductless MULTI Split – ccASHP.

If you have any issues with the Home Comfort Program or rebate application, please remember you can get additional support at the weekly [Virtual Open House meetings](#) held most Fridays. You can also contact myself or Joshua Ebner [joshua.ebner@pseg.com](mailto:joshua.ebner@pseg.com) with questions.

On behalf of myself and the entire Home Comfort team, thank you for your participation.

Sincerely,

*Jonathan Tham*
