NOVEMBER 2026

PSEG LONG ISLAND

HOME COMFORT NEWSLETTER

Stay in the know with the latest program updates, and helpful tools to support your work. Whether you're in the field or behind the scenes, we're here to help you deliver energy-efficient comfort to every customer. PSEG Long Island offers a **free whole-house energy assessment** unlocking opportunities for energy-efficient upgrades and long-term savings.

Partner with PSEG Long Island through the **Home Comfort, Home Performance**, and **Commercial Efficiency** programs to deliver top-tier home and business energy upgrades. As a partner, you'll have access to incentives and resources that help you grow your business and reach more customers. Remember to re-enroll today via the **Partner Portal**.

INDUSTRY INSIGHT

THANK YOU FOR JOINING THE ELECTRIFY LONG ISLAND CONFERENCE

A heartfelt thank you to all of our attendees, sponsors, exhibitors, and presenters for helping make the PSEG Long Island's Heat Pump, Electric Vehicle and Energy Solutions Conference such a success. With nearly 500 attendees, 9 sponsors, 28 exhibitors, and 12 well-attended breakout sessions, the event provided an outstanding opportunity to connect, learn, and explore the latest heat pump technologies and electrification solutions. We appreciate your support and look forward to seeing you at future events.

Save the date! Our Annual Partner Breakfast and Awards Presentation will take place on January 28 at the Hilton Long Island/Huntington. Attendees will hear directly from PSEG Long Island leadership about 2027 Commercial and Residential Energy Efficiency Program updates, participate in workshops, and connect with industry peers who share a commitment to advancing clean energy solutions. More details will be shared in the coming weeks.

INDUSTRY INSIGHT

YEAR-END CHECKLIST FOR CONTRACTORS

As the year comes to a close, it's a good time to review projects, prepare for the year ahead, and make sure nothing gets overlooked. A quick year-end check can help set your business up for a strong start in the new year. Before the year ends:

- Review completed projects: Document results, lessons learned, and opportunities for improvement.
- Close out paperwork: Make sure invoices, project records, and other documentation are up to date and submitted.
- Inspect equipment: Check tools, vehicles, and equipment for needed maintenance or repairs.
- Plan upcoming projects: Review your pipeline and prepare for anticipated workloads.
- Set goals for next year: Identify ways to improve efficiency, strengthen customer relationships, and grow your business.

A little preparation now can help you enter the new year organized and ready for what's ahead.

PROGRAM OPPORTUNITY

DON'T MISS OUT: EARN AN EXTRA $1,000 PER MARKET RATE HEAT PUMP PROJECT

Time is running out to take advantage of the **2026 Space Heating Market Rate Partner Bonus Program Incentive**. Through December 11, 2026, eligible Home Comfort and Home Comfort/Home Performance ("Combo") Partners can earn an additional **$1,000 per qualifying Market Rate Space Heating project**.

To qualify, partners must complete and close a minimum of eight Market Rate Space Heating projects during the program period and submit all required documentation by the applicable deadlines through the Partner Portal. Partners are encouraged to submit their applications, project logs, and closing documents as soon as possible to ensure eligibility before the application submission deadline of December 18, 2026.

Both standalone Market Rate Home Comfort projects and Home Comfort/Home Performance Market Rate Combo projects with qualifying space heating heat pump installations are eligible.

Please note that Low and Moderate Income projects do not qualify for this incentive. The full Program Announcement can be viewed here.

WORKFORCE DEVELOPMENT HIGHLIGHT

BUILDING LONG ISLAND'S CLEAN ENERGY WORKFORCE

As demand for energy efficiency and electrification projects continues to grow, United Way of Long Island's JobsToBuild platform is helping develop the next generation of skilled workers. The initiative provides training and career pathways for Long Island residents while creating opportunities for contractors to connect with qualified talent. Through partnerships with industry stakeholders, United Way of Long Island is supporting workforce growth and helping meet the region's evolving clean energy needs. Interested in learning more? Please contact John Diaz, Senior Director of Workforce Development, at JDiaz@unitedwayli.org.

PARTNER SPOTLIGHT

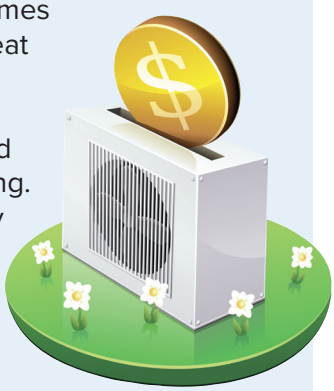

PGI CORPORATION

PGI Corp. led all partners in geothermal project savings, delivering both the highest number of geothermal installations and the greatest energy impact in 2025. They completed 33 geothermal projects, achieving total savings of 2,895 MMBtu, equivalent to 478 barrels of oil. This exhibits a significant contribution to long-term energy efficiency and emissions reduction. We look forward to building on this momentum and continuing to achieve even greater impact together.

REDUCE HEATING COSTS WITH RATE 580

Homeowners who heat their homes with a cold climate air source heat pump (ccASHP) may qualify for PSEG Long Island's Rate 580, a residential electric rate designed for homes with all-electric heating. The rate offers reduced delivery charges on electricity used above 400 kWh per month during the heating season (October through May), helping customers manage winter heating costs.

FRIENDLY REMINDER
for Partners

Projects exceeding *90 days* are subject to cancellation. Contractors may resubmit, but current rebate levels and requirements will apply.
