RE: 2019 Home Comfort v1.0 Application Release

Dear Home Comfort Partners:

PSEG Long Island is pleased to announce the 2019 Home Comfort v1.0 application. Please use the 2019 Home Comfort v1.0 application for all projects. We will continue to accept 2019 Cool Homes v1.0 applications through April 15, 2019.

New to this application!

We are offering a \$2,000 rebate to homes displacing/replacing existing electric resistance heating with a qualifying air source heat pump as their primary heating source. Only Home Comfort Partners are eligible to extend this higher rebate. These projects require preapproval. Qualifying ducted heat pump systems also require AHRI certificate, Manual J, Airflow and Refrigerant Charge testing.

PSEG Long Island Home Comfort Air Source Heat Pump Pilot Program Eligible Measures List		
Eligible Equipment	Efficiency Requirements	Customer Rebate
Ducted Air Source Heat Pumps	SEER \geq 16 and HSPF \geq 8.5	\$2,000/system
Ductless Mini Split Heat Pumps	SEER \geq 18 and HSPF \geq 8.5	\$2,000/system

*Must be installed by a participating Home Comfort Partner with the installation of an eligible HVAC system. Electric resistance can remain but not as primary heating source.

- Pre and Post Inspections are mandatory. Please contact the program in advance of your installation to secure approval.
- Systems being installed must replace existing electric resistance heat as the primary heating source.
- Heating system replacement must be defined as the primary heating system for the space being conditioned. Addition/replacement of secondary heating systems is not eligible. The new unit must be the primary heat source for the space being served, and the existing electric resistance heat may be retained as a backup.
- Duct systems must be sealed to reduce leakage.
- In instances when an area of the home lacks adequate distribution, installation of new distribution to serve the area is eligible. The area lacking adequate distribution must be located within the pre-existing thermal boundary.

The 2019 Home Comfort Rebate Application form is now available and can be located at <https://www.psegliny.com/saveenergyandmoney/homeefficiency/homecomfort/contractors>.

If you have any issues with the Home Comfort Program or rebate application, please do not hesitate to contact me or Joshua Ebner joshua.ebner@pseg.com.

We appreciate your participation in the PSEG Long Island Home Comfort Program.

Thank you for your cooperation and continued support.

Sincerely,

Jonathan Tham
