

# PSEG LONG ISLAND COOL HOMES PROGRAM ANNOUNCEMENT

Document #: CH 2019-01  
Announcement Date: January 3, 2019

## RE: 2019 Cool Homes Rebate Schedule and Application Release

Dear Cool Homes Partners:

PSEG Long Island is happy to announce the 2019 Cool Homes rebate schedule and application. We will continue to accept 2018 applications through January 11, 2019. We will not accept applications from prior years. These rebate/incentive levels and efficiency criteria apply to all systems installed on or after January 1, 2019.

For 2019 we are also offering three new rebates - \$450/system rebate for ducted split cold climate heat pumps, \$350/system rebate for ductless mini-split cold climate heat pumps and \$100/system for packaged terminal heat pumps. Cold climate heat pumps must be on Northeast Energy Efficiency Partnership Cold Climate Heat Pump Specification Product Listing to be eligible - not all cold climate heat pumps listed are eligible. The 2019 Residential CAC Rebate Application form is now available and can be located at <https://www.psegliny.com/saveenergyandmoney/homeefficiency/coolhomes/coolhomespartner>.

For eligible systems installed on or before December 31, 2018, you will have until January 11, 2019 to submit all required documentation in order to be eligible for 2018 rebate levels. For any projects missing airflow and charge results, continue to submit documentation before January 11, 2019 and you will be granted the customary allowance until June 30, 2019 to submit the missing airflow and charge results. We will no longer accept 2018 applications after January 11, 2019.

Eligible Equipment	Tier	Efficiency Requirements	Customer Rebate	Contractor Incentive
Ducted Split Central Air Conditioners	1	SEER $\geq$ 16	\$175/system	\$75/ first system
	2	SEER $\geq$ 17	\$250/system	\$100/ first system
	3	SEER $\geq$ 18	\$350/system	\$125/ first system
Ducted Split Air Source Heat Pumps	1	SEER $\geq$ 15 and HSPF $\geq$ 8.5	\$350/system	\$125/ first system
	2	SEER $\geq$ 16 and HSPF $\geq$ 8.5	\$400/system	\$150/ first system
Ducted Split Air Source Heat Pumps (Cold Climate)	3	Northeast Energy Efficiency Partnerships Cold Climate Air Source Heat Pump Specification Product Listing, SEER $\geq$ 17 and HSPF $\geq$ 10	\$450/system	\$200/ first system
Ductless Mini Split Air Conditioners	3	SEER $\geq$ 18	\$150/system	n/a
Ductless Mini Split Heat Pumps	3	SEER $\geq$ 18 and HSPF $\geq$ 8.5	\$250/system	n/a

Eligible Equipment	Tier	Efficiency Requirements	Customer Rebate	Contractor Incentive
Ductless Mini Split Heat Pumps (Cold Climate)		Northeast Energy Efficiency Partnerships Cold Climate Air Source Heat Pump Specification Product Listing, SEER $\geq$ 18 and HSPF $\geq$ 10	\$350/system	n/a
Packaged Terminal Heat Pumps		EER $\geq$ 11.4 and COP $\geq$ 3.3	\$100/system	n/a
Smart Thermostats			\$35/thermostat	n/a

The contractor incentive is now tiered for the first ducted split central air conditioner (CAC) or air source heat pump (ASHP) system and \$50 for additional system for the same customer account.

If you have any issues with the Cool Homes Program or rebate application, please do not hesitate to contact me or Joshua Ebner [joshua.ebner@pseg.com](mailto:joshua.ebner@pseg.com).

We appreciate your participation in the PSEG Long Island Cool Homes Program.

Thank you for your cooperation and continued support.

Sincerely,

*Jonathan Tham*
