Announcement Date: May 29, 2026
2026 Home Performance Program Update**

Dear Home Performance Partners:

PSEG Long Island is pleased to announce that, effective June 1st, pre-approvals will no longer be required for HPwES Projects. Participating Partners may validate these projects directly and may submit them upon completion. Please note that pre-approvals will continue to be required for all Empower + participants. If you have any questions regarding this new process, we encourage you to attend one of our upcoming Open Houses, where our team will be available to assist.

The PSEG Long Island Energy Efficiency team holds Open House Events every Friday from 9 AM to 10 AM at the TRC office, or you can join us for our [Virtual Open House meetings](#).

SAVE THE DATE! We strongly encourage your participation in the upcoming BPCA–PSEG LI–TRC Working Group Meeting, to be held in person on Tuesday, June 9, at 2:00 PM at the TRC Melville office located at 395 N Service Rd., Suite 409, Melville, NY 11747.

Topics of discussion will include:

- 2026 V2 Workbook updates and HEA data collection
- CEH and Apprenticeship Connections updates
- Program goals and budget updates
- Wall insulation requirements feedback
- Upcoming events and reminders

Partners may also attend remotely using the following link: [Join the meeting now](#).

If you experience any issues with the Home Performance Program, please contact your Account Manager for assistance.

On behalf of myself and the entire Home Performance team, thank you for your participation.

Sincerely,

Sophia Desir
